Vinton G. Cerf

Vice President and Chief Internet Evangelist Google

Vinton G. Cerf has served as vice president and chief Internet evangelist for Google since October 2005. In this role, he contributes to global policy development, standardization and continued spread of the Internet. Cerf is the former senior vice president of Technology Strategy for MCI. In this role, Cerf was responsible for helping to guide corporate strategy development from the technical perspective. Previously, Cerf served as MCI's senior vice president of Architecture and Technology, leading a team of architects and engineers to design advanced networking frameworks including Internetbased solutions for delivering a combination of data, information, voice and video services for business and consumer use. Widely known as one of the "Fathers of the Internet," Cerf is the codesigner of the TCP/IP protocols and the architecture of the Internet. He is a recipient of numerous awards and commendations in connection with his work on the Internet.
